# ORSY®

**A turnkey organization  
and storage system  
for consumables.**

## WITHOUT ORSY®

- ✗ **Chaotic, messy, disorganized**
- ✗ **Boxes of product laying around**
- ✗ **Can't find anything**
- ✗ **No time to clean or determine what to replenish**
- ✗ **Feels like your shop is too small**

# WITH ORSY®

**Tim D.**

*Proud ORSY® Customer*

**"Now that we are using an ORSY® setup in our shop, I have tons of extra space and I can see everything at a glance, and everything has it's place."**

Thanks to our Würth Sales Rep, he now comes in to service our ORSY® racks and keeps everything clean and restocked for us and ensures that no valuable storage space is wasted. We no longer have to worry about running out of product. My purchasing processes have also been streamlined and simplified.

My Würth Rep has full access to the ORSY® System in our warehouse. No more keeping an eye on stock, replenishing and restocking, along with checking invoices. All of this used to waste a lot of time and now we are also saving money."

## 24/7 PRODUCT AVAILABILITY

ORSY® offers you a Würth store directly on your premises, with the help of your Würth representative who monitors and manages your stock independently.

## COST SAVING

Save money: reduce your number of suppliers, invoices, trips and no longer run out of stock.

## DEVOTE YOURSELF TO YOUR JOB!

Your Würth Sales Rep will take care of your stock management, replenish and maintain your ORSY®.

## VISIBILITY

Gain speed of access to equipment, your storage is organized and each product is in its place and labeled.

# MEET **ORSY**®

## A NAME FOR AN **ORGANIZATIONAL SYSTEM**

Würth ORSY® is a partnership that provides you with the storage and organizational equipment needed to manage all your consumable stock - **and best of all - we offer it to you at NO CHARGE!** From the study of your needs, to the installation by our team, to the restocking and advice provided by your Würth representative. Everything organized, everything connected. **Würth ORSY® is the solution you need to stay organized and save money.\***

\*Some conditions apply for 'free' bins - a signed contract with guarantee to use/purchase Würth products is required.

## **MAXIMUM TRANSPARENCY & SUPPLY SECURITY**

**Kanban systems are used to supply indirect materials – mainly by major industrial customers for the manufacturing of machines and products as well as for other production processes.** Our rolling two-bin system that, in contrast to traditional supply methodologies, provides C-Parts "just-in-time" directly at the point of use. The system can be easily adjusted if requirements or volumes change, simultaneously ensuring maximum delivery and supply security with reduced inventory levels and minimal capital commitment.

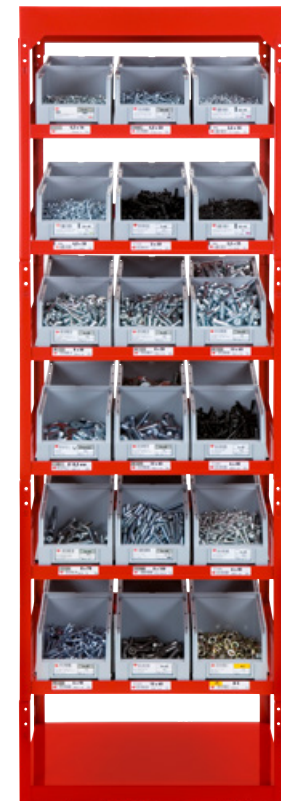

## NEVER RUN OUT OF STOCK. EVER AGAIN.

Keep stock levels for your high turnover products

Clean, organized and visible, everything at your fingertips

Increased efficiency – Allows team members to focus solely on production responsibilities leading to increased productivity

Item availability – always having the product available when you need it

Optimized inventory volumes – reduces carrying costs and eliminates overstock

### Why should you choose ***KANBAN light?***

The Würth *KANBAN light* system is a lean manufacturing supply chain management method, aimed at reducing inventory and optimizing processes.
